378 CONCRETE SPRAYER WITH LARGE BASE

Designed specifically for use in concrete preparation and treatment for use with curing compounds, form release agents and general spraying tasks. Can apply up to 35% solids. With its rugged polyethylene tank and unbreakable wand, the concrete sprayer provides outstanding performance, efficiency, and durability. Outperforms traditional steel sprayers at a fraction of the cost.

- All Viton® seals for durability and safety with a wide variety of chemicals.
- Large base for added stability which can accommodate the wheel set and handle (accessory kit, part # 49211).
- High-density polyethylene (HDPE) tank with ultra-violet inhibitors; will not dent, crack, or corrode.
- 48” nylon-reinforced hose for extended reach.
- Built-in air inflation valve allows pressurizing the sprayer using a compressor or air source.
- Large pump pressurizes the sprayer as much as 50% faster than the competition.
- Automatic pressure relief valve releases pressure at 45 psi and may be used to release pressure when desired.
- 28” unbreakable wand and commercial shut-off valve assembly.
- Fitted with a 1 gpm, 110º flat fan nozzle for spraying higher solid content curing compounds.
- Includes jet stream, flat fan, hollow cone and plastic adjustable nozzles for general spraying tasks. Accepts TeeJet® type nozzles.
- 4.5” opening allows easy filling and thorough cleaning.
- Extra large pump handle with built-in wand retainer for convenient carrying and pumping.
- Commercial shut-off valve with lock-on/lock-off feature reduces user fatigue.
- 1-year commercial warranty against defects in material and workmanship.

Optional accessories for 378 Concrete Sprayer: Wheel set with handle. Part # 49211
