

260 BATTERY-POWERED ONE-HAND SPRAYER

The SOLO 260 battery one-hand sprayer is a practical and universal helper in the garden and around the house. No hand pumping is required due to the Solo 260's compact and powerful electric pump designed to disperse water, liquid fertilizer and all approved plant protection chemicals. Save time and effort with the Solo 260 capable of spraying up to 60 minutes at any angle without a charging break.

- Suitable for use with all approved plant protection chemicals and liquid fertilizers, perfect for general-purpose spraying with sustainable chemicals.
- 1-liter transparent tank made of UV-resistant plastic.
- The flexible pick-up tube ensures a complete emptying of the tank and allows spraying at any angle.
- The universal nozzle is adjustable from fine mist to a jet stream.
- Ergonomic design with comfortable operating handle and smooth one-button operation.
- Integrated lithium-ion battery for up to 60 min. operation time.
- Easy charging at every USB-Port (charging cable included). Charging time approx. 90 min.

Charging cable for

Model	260
Part no.	26001
UPC	720343260007
Case UPC	20720343260001
Carton Size	11" x 5" x 5"
Case Size* (12 sprayers)	12.25" x 20.25" x 15.25"
Pump type	piston pump
Battery, Voltage/Capacity	3,7 V / 1,4 Ah
Filling volume	1 L
Nozzle	Adjustable nozzle
Output volume with standard nozzle	0,33 l / min.
Suction Hose	Flexible, spray from any angle
Operation time max.	approx. 60 min.
Charging time	approx. 90 - 120 min.
Dry weight	1 lb
Included	USB charging cable

*Case contains 12 sprayers
