

## 360 B BATTERY-POWERED ONE-HAND SPRAYER

Solo's CLEANLine 360 B rechargeable one-hand sprayer is small but powerful. Offering multi-directional spray without the need for tedious pumping. Suitable for alkaline, neutral to slightly acidic cleaning agents and alcohol based disinfectant cleaners. The 360 B is compatible with solutions for removing organic soiling such as grease, oil and protein residues in catering, food processing industries, building service contracting, automotive detailing, glass cleaning and service disinfection.
