388 ACETONE SPRAYER WITH LARGE BASE

The 388 3 gallon construction sprayer is designed specifically for applying acetone-based formulations, most alcohols and ammonia.

- EPDM seals provide excellent protection against the effects of acetone.
- Large base for added stability which can accommodate the wheel set and handle (accessory kit, part # 49211).
- High-density polyethylene (HDPE) tank with ultra-violet inhibitors; will not dent, crack, or corrode.
- Extra long 72" acetone resistant hose provides extended reach and durability.
- Built-in air inflation valve allows pressurizing the sprayer using a compressor or air source.
- Large pump pressurizes the sprayer as much as 50% faster than the competition.
- Automatic pressure relief valve releases pressure at 45 psi and may be used to release pressure when desired.
- Heavy-duty 20" brass wand provides chemical resistance to acetone.
- Heavy-duty brass nozzles: .4 gpm cone, .2 gpm cone, and .5 gpm fan nozzles. Accepts Tee Jet® type nozzles.
- 4.5" opening allows easy filling and thorough cleaning.
- Extra large pump handle with built-in wand retainer for convenient carrying and pumping.
- Commercial shut-off valve with lock-on/lock-off feature reduces user fatigue.
- 1-year commercial warranty against defects in material and workmanship.

Optional accessories for 388 Acetone Sprayer:
Wheel set with handle. Part # 49211
